

Established in May, 1980, YOSUN specialized in electronic component sales and marketing. Yosun's professionalism and operational strength have allowed it to obtain authorized Asian Pacific region distributorship rights from Samsung, STMicroelectronics, etc. Yosun also has been the largest distributor of Samsung/ST products in the Asia Pacific regions for the past several years in a row.

YOSUN's outstanding operational team certainly qualifies as an industry elite with their unrivaled professionalism and experience. YOSUN's highly specialized application and R&D engineering force guarantees professional service and technical support to clients in need of technical support and integration solutions to offer improved value added products. Welcome to visit YOSUN Group Website, <http://www.yosungroup.com>.

Diodes

- Converter
- Diode
- Hall Sensor
- LDO
- Linear IC
- Logic IC
- MOSFET
- Reset IC
- Switch

MPS

- Audio IC
- Battery Charger IC
- LDO
- LED Driver IC
- PWM IC
- Power Management IC
- USB

ST

- Audio IC
- Automotive Components
- DVD MPEG Decoder
- EEPROM
- GPS Navigator / Receiver
- Logic IC
- MCU
- MEMS
- Power Management IC

Liteon

- High Power LED
- IrDA
- LED
- Photo-Coupler

Samsung ELECTRONICS

- Application Processor
- DRAM
- eMCP
- eMMC
- MCU
- NAND Flash
- SSD
- SD Card
